

Fulton County Schools have a plan in place to purge all volunteers on a bi-annual basis (every 2 years). The latest 2-year period expired on May of 2023, so volunteers will need to register again for the June 2023 through May 2025 period.

What you need to know:

- All persons wanting to volunteer in the Fulton County School District after June 1, 2023 must sign up on the district website, www.fultonschools.org/Page/9539 . Even if you have volunteered in the past you must sign up, as if it is your very first time.
- Volunteers who complete the process will be valid from June 1, 2023 until May 31, 2025.
- Volunteers will be able to register beginning June 1, 2023.
- Once you register to volunteer, you are in the system. You will NOT receive a confirmation.
- Please **only** sign up using **Laptop** or **Desktop computer**, mobile and tablet devices sometimes have issues with the application.
- Once you are registered, the next step will be to show your identification at school, once we are back.
